ABOUT NuFinity®

We pledge to provide healthy & quality products in order to meet the needs of nutritionally aware individuals. Along the journey, we strive to offer low prices for the highest quality premium products. In order to achieve this milestone, our R&D team will continue to develop superior quality products by incorporating latest scientific research.

YOU SHOULD KNOW WHAT IS INSIDE

What makes it special

NuFinity® White is the 1st botanical drink in the market that offers skin beautifying effects and whitening from within. It is truly an innovation inspired by nature for those seeking infinite beauty and anti ageing. An all natural formulation containing tomato extract, melon extract, marine collagen as well as natural sweetness and flavor from pomegranate and apple juice powder help to provide and maintain beautiful, healthy and radiant appearance.

WHO SHOULD TAKE

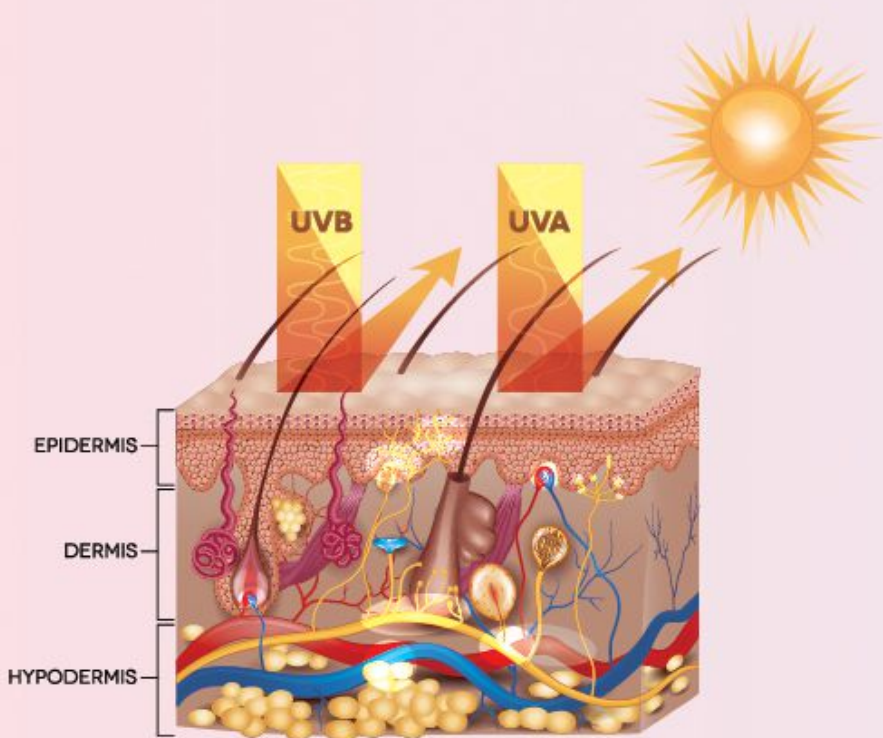

Benefits from REGULAR INTAKE OF

NuFinity® *white*

Skin Whitening & **LIGHTENING**

NuFinity® White contains colourless carotenoids which has been proven to lighten and even the skin tone by inhibition of melanin synthesis within 2 weeks.

Our colourless carotenoids do not contain any visible colour that will tint the skin, unlike orange or red carotenoids when consumed in large amounts will change the skin's colour to an orange shade.

UV Rays Protection

Colourless carotenoids are also clinically proven to protect the skin from harmful UVA, UVB light and free radicals which are responsible for causing common signs of ageing such as age spots and pigmentation.

Anti Ageing & **REJUVENATING**

NuFinity® White contains marine collagen, which is easily absorbed by the body hence increasing skin's elasticity and retain hyaluronic acid, thus reducing the appearance of wrinkles and fine lines.

Defense Against **OXIDATIVE STRESS**

NuFinity® White contains cantaloupe melon extract, which is a distinctive and powerful antioxidant catalyst. It works to elevate antioxidant enzyme & aiding to disarm the reactive oxygen species triggered by sunrays. In addition, colourless carotenoids also have the ability to block free radicals from the UV rays. As a result, they act as anti-oxidants to protect against free radical damage by environmental aggressors.

maintain beautiful, healthy, radiant &
younger appearance from within.*

”

FREQUENTLY ASKED QUESTION

Q: **NuFinity® White** serves as an oral sunblock against UVA & UVB. Can it replace the use of topical sunblock?

A: **NuFinity® White** prevents tanning effect by inhibiting melanin formation but it does not prevent sun burn.

Q: How safe is **NuFinity® White**?

A: **NuFinity® White** is 100% natural so it is safe for continuous consumption.

Q: Are there any side effects from using **NuFinity® White**?

A: **NuFinity® White** is made from natural tomatoes and fish collagen. There are no reported side effects unless one is allergic to tomatoes.

Q: What is the efficacy of **NuFinity® White**?

A: It is clinically proven that skin conditions improve over 8 weeks. However, many consumers have noticed a visible whitening effect within 14 days by just consuming 1 sachet per day.

Q: What's the difference between **NuFinity® White** and L-Gluthatione products?

A: **NuFinity® White** delivers whitening effect by directly inhibiting melanin formation whereas L-Gluthatione indirectly achieves this by antioxidative effect. This is why results can be achieved in 14 days by taking **NuFinity® White**.
